THE LATEST.

Samuel Gompers, president of the American Federation of Labor, yesterday issued a statement replying to a published interview with Theodore P. Shonts, chairman of the Isthmian Canal Commission, relative to the plan to employ Chinese coolie labor in the construction of the Panama Canal. The statement is an attack on Mr. Shonts' accuracy concerning facts and his knowledge of the law, and charges him with influencing Congress to annul the eight-hour principle as applied to canal work. Mr. Gompers reiterates that Mr. Shonts promised not to use Chinese labor on the Isthmus.

William J. Bryan, in a statement at Paris, says that Democratic National Committee man Sullivan, of Illinois, and John Hopkins "deliberately robbed the Democrats of Illinois of their political right." Mr. Bryan says he was anxious to give Mr. Sullivan a chance to retire without a fight, but inasmuch as he has refused to do so, it is probably just as well, "for if we must fight to purify the party organization, the sooner it begins the better."

The banks of the Chicago Clearing House Association have offered a reward of \$5,000 for the arrest of Paul O. Stensland, the fugitive president of the Milwaukee-avenue State Bank. Stensland's son expresses the belief that his father has committed suicide. Another receiver for the shipwrecked bank was appointed yesterday afternoon by Judge Gibbons, marking the beginning of a contest against the jurisdiction of Judge Brennan, who appointed John C. Fetzner receiver early last week. The new receiver is the Chicago Title and Trust Company.

Mme. Diss de Bar has been released from prison in London, having obtained the maximum reduction of sentence for good behavior. She was convicted on a charge of immoral conduct. The woman through alleged occult powers defrauded several wealthy men in this country, and she served two terms in prison here. Her father at one time lived in Kentucky.

Alexander B. Chisolm, paying teller of the First National Bank of Birmingham, Ala., is under arrest charged with the embezzlement of \$97,000. W. L. Sims and C. L. Hays, managers of a brokerage firm, have been arrested charged with aiding and abetting the embezzling. Chisolm used the bank's funds in cotton speculation.

John W. Hughes announced yesterday in a speech at Shelbyville that ill-health compelled him to withdraw from the race for the Democratic nomination for Congress in the Eighth district. In this district R. W. Miller, who was a candidate, died and W. J. Price, also a candidate, withdrew because of ill-health.

Mott Ayres, secretary of the Democratic State Primary Committee, yesterday sent letters to all the county chairmen in the State, directing them as to the conduct of the primary and urging that they select good men to serve as election officers at as little expense as possible.

The Grand Army encampment at Minneapolis has attracted 100,000 people to the city, and the indications are that there will be many more visitors. Minneapolis has risen to the occasion, and nothing is lacking in hospitality for the comfort of the veterans.

Miss Harriet Dietrich, of Hopkinsville, will be married to-day at Defiance, O., to Guilford Seward, to whom she was to have been married thirty-five years ago, when the match was broken off. Seward has been married twice, both wives being dead.

James Spaulding, placed on trial for confessed barn burning at Danville yesterday, requested a jury sitting in a lunacy inquest to send him to an asylum, saying he was insane at times, and feared he might kill his family.

The Courier-Journal tourists spent yesterday in Westbaden, Germany. The young women are having a good time and there have been no reports of any of them being ill or even indisposed.

More than 10,000 members of the Fraternal Order of Eagles have reached Milwaukee to attend the national convention, which will begin to-day. The order has a membership of 250,000.

Orders were issued yesterday by the Navy Department for the formation of the Atlantic fleet to be reviewed by President Roosevelt at Oyster Bay September 2.

Bids for a public building site at Versailles were opened yesterday in the office of the supervising architect in Washington.

BRYAN AFTER ROGER SULLIVAN

"Robbed the Democrats of Illinois."

National Committeeman Makes Response.

Claims Nebraskan's Information Is Wrong.

THE FIGHT IN ILLINOIS.

Paris, Aug. 13.—William Jennings Bryan to-day gave out a statement concerning a controversy respecting the Illinois Democratic National Committee. The controversy has grown out of Mr. Bryan's letter demanding the resignation of National Committeeman Roger Sullivan, to which demand Mr. Sullivan returned a prompt refusal stating that Mr. Bryan had been misinformed respecting the situation by Mr. Dunlap.

Mr. Bryan's rejoinder says that no one but himself is responsible for the information contained in his letter and that he had intended to ask Mr. Sullivan to resign before he should see Mr. Dunlap. Mr. Bryan added: "I entered into this contest because I believed that Roger Sullivan and John Hopkins had deliberately robbed the Democrats of Illinois of their political right and I still believe so. To secure the political power by force or by fraud ought to be as disgraceful in the eyes of the public as to secure money by force or fraud. I cannot conceive of any plausible defense which Mr. Sullivan can make for remaining on the National Committee. If the body is unable to elect a leader, the leadership of men like Sullivan, who seek to control the party organization in order to advance their corporate interests, it might as well dissolve. While I was anxious to give Sullivan a chance to retire without a fight, it is probably just as well that he refused, for if we must fight to purify the party organization, the sooner it begins the better."

The statement adds an expression of confidence and approval on the work of the majority rule league and of Messrs. Dunlap, Rainey, Thompson and Nelson.

The controversy between Mr. Bryan and Mr. Sullivan grows out of a contest for seats in the National Democratic Convention at St. Louis in 1904, when against the protest of Mr. Bryan the Illinois delegation, led by Messrs. Hopkins and Sullivan, was seated.

SULLIVAN'S STATEMENT.
Says That Mr. Bryan Has Been Misinformed.

Chicago, Aug. 13.—National Committeeman Sullivan, when interviewed in regard to Mr. Bryan's latest utterances, declared to-day there was no truth in them. Mr. Bryan got all his information from Mr. Dunlap, he said, and in doing what Mr. Dunlap wants him to do, all the information he has about the Illinois situation he has received from Dunlap and Thompson. He is fighting their battles—battles that they cannot fight for themselves. His statement is not true, as to the control of the State convention two years ago, as to the National Committee, or as to the Committee on Credentials. Mr. Bryan is not bigger than the entire Democratic party."

Sullivan referred to a letter which he said Mr. Bryan had written to former Congressman Caldwell, of the Springfield district, in which he said Mr. Bryan admitted that he had received all of his information from Dunlap. That letter, said Mr. Sullivan, was proof of his assertions.

On the absence of Mr. Hopkins from Europe, no statement could be secured from Mr. Sullivan. The letter from Mr. Bryan to Ben M. Caldwell, Democratic nominee for Congress in the Twenty-first district, is as follows:

North British Station Hotel, Glasgow, July 12.—My dear Mr. Caldwell: Mr. Dunlap has brought me your message, and I hasten to say that I shall be glad to come into your district if engagements will permit, and I shall try to so arrange them that they will permit. In promising this I assume, of course, that the rank and file will retain control of the organization, and I have not felt that I could consistently speak there under the auspices of a State organization that foisted itself on the party through force and fraud. I am confident, however, that your coming State convention will, in spite of the harmony cry, purify the organization and make the party deserving of public confidence. With best wishes.

"WILLIAM JENNINGS BRYAN."

WESTERN BATTLEGROUND.

Preliminary Fighting Expected to Be in Illinois.

Chicago, Ill., Aug. 13.—[Special.]—Illinois has been selected by the Bryan forces as the Western battleground for the preliminary fighting which is scheduled to go before the big game of 1908 campaign. This announcement was made from the Hearst camp to-day and practically corroborated by a statement from William Jennings Bryan from Paris. The first skirmish of the contending forces is to be at the State convention in Peoria, on August 21, and indications to-day were that the affair may develop into the proportion of a "general engagement."

On the one side are the Bryan men, who follow the Dunlap-Thompson banner and the Hearst forces. These elements admittedly lack in organization, but they believe they make up for this cause, and the popular feeling on this subject. On the other side is the Hopkins-Sullivan machine, ramified by

intrenchments all through the State, and boasting of the solid delegation from Cook, numbering over 500. Politicians in the war on Sullivan the old division between the so-called radical and conservative camps of the party. Sullivan is the close personal friend of John F. Hopkins, as well as a business and political associate.

Will Attend Reception Here.
Knoxville, Tenn., Aug. 13.—Tennessee will send a large delegation to the welcome of William Jennings Bryan by the Southern States in Louisville during the month of September. The delegation will be headed by Gov. John I. Cox and R. E. L. Mountcastle, national committeemen from Tennessee. In the eastern portion of the State, which is Gov. Cox's home, there will be a large delegation. Within short time there will be a committee to find out how many will go from Knoxville, and the surrounding counties, and it is possible that a special train will be run from Knoxville to carry the East Tennessee Democrats to Louisville to welcome the distinguished Nebraskan. Mr. Bryan is very popular in this section of the country, and has several personal friends in Knoxville. The Democratic Congressional Committee of the ten counties that comprise the Second district will meet on Saturday, August 25, in this city, and the matter by counties will be taken up through this organization, and the effort will be made to work up a large delegation from the outside counties in the Second congressional district. J. Frank White, State committeeman from Bryan, said: "My district will send a large delegation to welcome Mr. Bryan. The Tennessee delegation will be headed by Gov. John I. Cox, who is a warm supporter of Mr. Bryan. The first district is being liberated from Aylesbury prison under ticket of leave, having obtained the maximum reduction of sentence by good behavior."

Notorious Woman of America and England.
Defrauded Men Through Alleged Occult Powers.

Served Two Prison Terms In This Country.

LOUISVILLE HER OLD HOME.

London, Aug. 13.—Ann O'Della Diss deBar, who under the name of Laura Jackson was sentenced on December 20, 1901, to seven years' penal servitude for connection with an immoral cult known as the "Theocratic Unity," of which her reputed husband, Theodore Jackson, was the head, has been liberated from Aylesbury prison under ticket of leave, having obtained the maximum reduction of sentence by good behavior.

The Woman's Career.

Mme. Diss deBar has been known under many names in the United States and Great Britain, but her greatest notoriety was achieved as the perpetrator of a so-called spiritualistic deception by which Luther R. Marsh, of New York, was in his old age stripped of his fortune he had accumulated in the practice of law. Though claiming to be the daughter of King Louis I. of Bavaria and Lola Montez, she was in fact the daughter of Prof. John C. F. Salomon, once of Washington and later of Kentucky. Her home was in Louisville for many years.

She became the wife of Gen. Joseph H. Diss deBar in the seventies, and later traveled about the country representing herself as the personification of occult powers and the revealer of hidden truths, spiritualistic and other, and in this way while living in Washington Square, New York, she met Marsh and by means of alleged spirit materializations and spirit-painted pictures so infatuated him that he gave her large sums of money and decided to her his home in Madison avenue. About this time Gen. Diss deBar left the United States, and she went to live at the Marsh home and also hired apartments, where she officiated as a priestess of spiritualism and won great notoriety.

Her First Imprisonment.
Suit was brought to show her up as an impostor, and she was charged with conspiring to defraud Marsh. Her trial resulted in her conviction, and she was sentenced to a term of imprisonment. On her release she went to Europe; then returned to this country, and, going to the West, got into more difficulties through her representations of bogus spiritualism. Under the name of Vera P. Ava, she fell into the hands of the Chicago police, who sent her to the penitentiary at Joliet for two years. Released from that institution, she married William J. McGown, in 1895, in Chicago. Mr. McGown, like Marsh, was a man of wealth, but this did not deter

Plans at Bryan's Home.
Lincoln, Neb., Aug. 13.—Details for the homecoming of William J. Bryan were arranged this afternoon so far as possible at a meeting of the committee. The welcome home will be on Wednesday, September 3. Mr. Bryan, according to the present itinerary, will not arrive until late in the afternoon of the day, and there will be no elaborate parade, as was intended. The exercises will take place at the State Capitol grounds, and will be open. Gov. Mickey will deliver the address of welcome, to which Mr. Bryan will respond. There will be other speeches, but the present plan does not contemplate any speakers outside the State. The reception will be in the evening of the Capitol grounds, and the city at night. The business and residence parts of the city will be elaborately decorated, and a large crowd is expected from this and other States.

James to Receive Bryan.
Marion, Ky., Aug. 13.—Congressman Marion J. James has been named as a member of the Reception Committee to receive William Jennings Bryan upon his return to New York.

TO WED SWEETHEART OF 35 YEARS AGO

MARRIAGE PREVENTED BY OBSTINATE PARENTS

WILL BE SOLEMNIZED IN OHIO TO-NIGHT

MAN HAS TAKEN TWO WIVES.

Hopkinsville, Ky., Aug. 13.—[Special.]—Miss Harriet Dietrich, of this city, will be married Tuesday night at Defiance, O., to Guilford Seward, a wealthy manufacturer of Akron, O. The bride-to-be is sixty-two years of age, and the prospective bridegroom is sixty-five. Thirty-five years ago the couple planned to marry, but on account of parental objections, Miss Dietrich broke the engagement. Since that time Mr. Seward married twice. His first wife lived only a few months, and the second Mrs. Seward twenty years.

Miss Dietrich has been teaching school and was one of the most efficient teachers in the Hopkinsville High School. Over a year ago Mr. Seward renewed his suit, but his sweetheart had promised to remain in the public schools here during the 1906-1907 term. At the conclusion of the season Miss Dietrich will be performed to-morrow night by the aged minister who was to have married the couple thirty-five years ago. Miss Dietrich is a sister of Prof. Charles H. Dietrich, who was the first superintendent of the Hopkinsville public schools.

BOY WILL LOSE LEG BY GUNSHOT WOUND.

Tell City, Ind., Aug. 13.—[Special.]—Sam Willes, ten years old, while out hunting along the city with other boys, met with a serious accident. While seeking shelter in an old barn, he was hit by a gun against a plank which fell. The gun was discharged, the full load of shots entering the boy's leg. His recovery is only possible by having his leg amputated.

her from the practice of fraud. In 1899 she was run out of New Orleans, with Theodore Jackson, whose wife she then said she was. A year later they turned up in Capetown, South Africa, where Mme. Diss deBar called herself Helena and Jackson called himself Horos. Occultism and hypnotic performances were the order there, and one of her South African dupes, a wealthy contractor, gave her money to the woman to establish a colony of brotherly love. Soon afterward the pair went to London, where they promoted the Theocratic Unity organization, scandals in connection with which led to her arrest in September, 1901. The trial, which was continued at intervals through three months, developed facts of such a loathsome character that several London papers excluded from their columns all reports of the proceedings in court.

Revolt Conduct.
Mr. Justice Bigham summed up strongly against the prisoners, saying it was difficult to conceive of more revolting and abominable conduct than that which had been attributed to them. The jury quickly returned a verdict of guilty, whereupon the Justice sentenced Jackson to fifteen years' penal servitude and his reputed wife to seven years' penal servitude.

For Candidates in Democratic State Primary.

Secretary Sends Letters to County Chairmen.

Asks Them to Get Good Men to Serve As Officers.

GIVES NOTICE OF NEW RULES.

Frankfort, Ky., Aug. 13.—[Special.]—Secretary Mott Ayres, of the State Executive Committee of the Democratic State Primary, has just sent to the county chairmen of the State primary election details in charge, to-day addressed a letter to the County Chairmen of the party over the State, giving them notice of the action taken on Saturday last by the Executive Committee and enclosing a copy of the resolution adopted by that body governing the primary.

The secretary asks the co-operation of the County Chairmen in the work of arranging for the primary, to the end that it may be held at the least possible cost to the complete satisfaction of the candidates and the Democratic voters generally. Each chairman is requested to ascertain if he can secure the services of good Democrats to go into the booths as officers on the day of the primary for the allowance of one dollar made by the committee, it being of the opinion that the officers could be secured better by the County Committees, thus placing the management of the election as close to the people as possible. The letter reads as follows:

Letter to Chairmen.
Dear Sir: As there was complaint on account of the great expense for holding the Democratic primary on November 6, 1906, to select candidates for the various State offices and for the United States Senate, and in order to place the management of the election as close to the people as possible, your State Executive Committee, in meeting here last week, has decided that the election officers should be recommended by the County Committees to the State Committee on candidates, and that each county chairman should be requested to aid the State Executive Committee in reducing the expense of the primary by having booths made, which may be constructed of boards, and covered with calico or some other cheap material. It was also determined to pay the election officers \$5 per day for their services.

The committee believed that the county chairmen could find good men to hold the election for this price, while perhaps it would be more expensive to select candidates for the various State offices and for the United States Senate, and in order to place the management of the election as close to the people as possible, your State Executive Committee, in meeting here last week, has decided that the election officers should be recommended by the County Committees to the State Committee on candidates, and that each county chairman should be requested to aid the State Executive Committee in reducing the expense of the primary by having booths made, which may be constructed of boards, and covered with calico or some other cheap material. It was also determined to pay the election officers \$5 per day for their services.

President Revises Campaign Programme

TOLD OF ARGUMENTS "UNCLE JOE" WILL MAKE.

MR. SHONTS TALKS ABOUT CANAL AFFAIRS.

HAS OTHER VISITORS.

Oyster Bay, N. Y., Aug. 13.—This was visitors day at Sagamore Hill. President Roosevelt's luncheon guests numbered five and the topics of discussion ranged from the prospects of Republican success in the congressional campaign to the digging of the Panama Canal. Representative James S. Shonts, of New York, chairman of the Republican Congressional Campaign Committee, brought the material for the political discussion. He had the proofs of the party's new campaign text book for the President's revision and approval, besides several of the arguments which Speaker Cannon is to make in his convention speech to-morrow at Danville, Ill. Chairman Theodore P. Shonts, of the Isthmian Canal Commission, who landed from Panama Saturday, informed the President of the affairs of the Isthmus. Secretary Joseph B. Bishop, of the commission, came with Mr. Shonts and remained a house guest of the President. Henry W. Taft, of New York, a brother of the Secretary of War, was also a guest.

Mayor Combs to Preside.
Lexington, Ky., Aug. 13.—[Special.]—It has been finally decided that Mayor Combs will preside at the Beckham meeting, which will be held at the Auditorium next Wednesday night. It had been intended to select some other citizen of Lexington to preside, but Mayor Combs was so strongly urged to take the position that he decided to do so. City Solicitor W. Rogers Clay will make the welcoming address and introduce the Governor to the audience. It is said that in his address Gov. Beckham will freely discuss his position regarding the enforcement of the "old" law, and vigorously defend himself from the criticisms of the Lexington papers regarding the location of the State Fair.

Lafont at New Castle.
New Castle, Ky., Aug. 13.—[Special.]—Ruby Lafont, candidate for the Democratic nomination for State Treasurer, spoke here to-night before the Commercial Men's Club. He made a fine impression, and his speech was frequently applauded.

Powder Explodes, Killing One Man.

Press Mill of Plant at Fontanet, Ind., Is Wrecked.

Fontanet, Ind., Aug. 13.—Two hundred kegs of powder exploded at a local powder mill to-day, wrecking the press mill of the plant and instantly killing Frank Hamilton, twenty-eight years of age, of Xenia, O. Hamilton was at work repairing a machine in the plant and was blown nearly 100 feet by the force of the explosion, his body being cut to pieces. The plant employs one hundred men and they were awaiting the repairing of the machine when the explosion occurred. Hamilton was working on before commencing work, and was alone. It is believed, prevented many more from being killed.

The press mill in which the explosion occurred was blown to the ground, causing a loss of \$35,000. Many windows and houses were shaken by the force of the explosion. Greenacres, twelve miles away, reported a seismic disturbance from the effect of the shock of the explosion felt at that place.

Decides It Will Not Pay.
San Francisco, Aug. 13.—The Rhine and Moselle Insurance Company, of Germany, has decided that it will not pay \$2,000,000 of liabilities arising from the fire. A cablegram to that effect was received to-day by General Manager Mathis, of the home office. The company does not carry an earthquake clause and it is presumed that the local office that the head officials are

putting forth the plan of an act of Providence.

TRAINS COLLIDE: ONE MAN KILLED.
Ten Persons Are Injured in Wreck at Fort Worth, Tex.

Fort Worth, Tex., Aug. 13.—As a result of a collision between an incoming and outgoing passenger train of the Chicago, Rock Island and Gulf railroad on the outskirts of this city to-day, one man is dead and ten persons are more or less seriously injured. The collision occurred under the East Sixth street bridge, the engine of the incoming train plunging into the rear end of the outgoing train. The latter train, which was being backed out of the city is known as the "plug." It consisted of an engine, accommodation, baggage and express car and two coaches. This train goes as far as Wichita Falls. The other was a southbound through passenger train, which has Fort Worth for its destination.

ILL HEALTH FORCES HUGHES TO WITHDRAW

LEAVES HARVEY HELM CLEAR FIELD IN RACE

FOR CONGRESSIONAL NOMINATION IN EIGHTH.

DISTRICT SEEMS HOODOOED.

Shelbyville, Ky., Aug. 13.—[Special.]—At the opening of to-day's court-day speaking C. M. Lewis, chairman of the Democratic County Committee, and also manager of the candidacy of John W. Hughes for Congress, withdrew the latter, announcing that his health would not permit him to continue in the race. Harvey Helm, of Lincoln, followed with his announced speech, amid the cheers of a big crowd, which was already overwhelming for him. That the effort to get out running mates for Hughes in the Helm stronghold had failed was already known, and Helm's friends were on hand, prepared to give him the ovation he received.

No other candidate announcing before Thursday, the District Committee will be called together to call off the primary and declare Helm the nominee. He announced here this afternoon, however, that he would continue his canvass to the extent of filling all the speaking appointments made for this county. After Mr. Helm's speech and ovation, Judge S. W. Hager, candidate for Governor, spoke and made a fine impression, his answers to some of Gen. Hays' charges being cheered to the echo. He, however, on account of the congressional race and the centering of interest therein spoke more briefly than at his previous engagements.

Hughes is the third candidate in the Eighth district to drop out of the race. R. W. Miller died during his campaign and W. J. Price, of Boyle, was forced to withdraw on account of ill health.

McChesney Speaks.
Williamstown, Ky., Aug. 13.—[Special.]—The campaign was opened in this city to-day by Secretary of State McChesney, candidate for Auditor, who spoke for over an hour to a fair-sized crowd.

There is no squabble between the candidates for Auditor," he said. "My opponents are clever, capable gentlemen, and we are on good terms. If I am defeated in the primary, I will be found ready to take the stump in the interest of the Democratic State ticket."

He urged the Democrats of Grant to line up for the Sixth district congressional candidate first.

NEW AND SPUNKY.

GARY, IND., WOULD ANNEX EVERYTHING IN SIGHT.

Citizens Living in Tents Elect City Officers—Chicago Almost a Suburb.

Gary, Ind., Aug. 13.—[Special.]—This modern "boom" town, fifteen miles from the city limits of Chicago, has held its first election and is now on the map. Despite the fact that its 2,000 inhabitants are living in tents and there is not a permanent building in the town, the citizens marched to the polls and elected a Mayor and City Council. The Council quickly passed its first ordinance annexing 6,000 acres of Indiana, including the villages of Buffington, Smith's Junction and Tolleston, giving the new town an area greater than Springfield, Ill., or most of the large towns of Indiana.

The majority of the residents of Tolleston, which has been Gary's hated rival since the new town was founded, are up in arms and refuse to be annexed, but as all the large property holders of Tolleston are in favor of the movement, former Mayor of Hammond, Ind., Thomas E. Knott, who is the first executive of Gary, declares the Tollestonians will have to become citizens of Gary whether they want to or not. Feeling runs high between the two towns and several clashes already have occurred. Gary men now go armed when they visit Tolleston.

The steel company, which owns the original site of the town, has not sold a lot, though prospective purchasers have been ready to buy ever since the town was platted, several months ago.

SHORTAGE OF NEARLY \$100,000

Due to Paying Teller Dealing In Futures.

Arrested On Return From His Vacation.

Officials of Brokerage Firm Held to Answer.

LOSS WILL NOT AFFECT BANK.

Birmingham, Ala., Aug. 13.—Within twelve hours to-day Alexander B. Chisolm, paying teller of the First National Bank, was arrested, charged with the embezzlement of \$97,000 of the bank's funds, given a preliminary hearing before United States Commissioner B. B. Watts, put under bond of \$50,000, and failing to make it, to-night is in the custody of the United States officials at one of the principal hotels of the city.

During the afternoon W. L. Sims and C. M. Hays, manager and assistant manager of one of the chief stock and cotton brokerage houses in the city were arrested, charged with aiding and abetting the embezzlement of National bank funds. They were also given a preliminary hearing this afternoon and Sims' bond was fixed at \$50,000, and Hays' at \$10,000. Both have made bond and are at liberty.

Was on His Vacation.

The shortage at the First National Bank was discovered while Chisolm was on his annual vacation. The bank has a large reserve fund on hand and it was from this that the amount was taken. There was no regular time for counting the cash in the reserve fund, which accounts for the fact that the shortage was not discovered sooner. Officials decided to wait and allow Chisolm to return voluntarily. When he stepped from the train this morning he was confronted by the Federal officials and several directors of the bank. He at first stoutly denied all knowledge of any shortage, but later in the presence of the directors made a full confession.

W. P. G. Harding, president of the First National, made a statement during the afternoon to the effect that the bank would not lose the whole amount, and that it would not affect the institution. The bank has a capital of \$1,000,000 and a surplus of \$400,000. When Chisolm was arrested \$3,000 was taken from his suit case. He was bonded by one of the large bond companies for \$30,000. The difference between these amounts and the shortage has already been taken from the undivided profit account of the bank and charged to profit and loss.

Came as a Surprise.

Young Chisolm was one of the most popular young men socially and personally in Birmingham. He comes from one of the best families in the South, and numbered his friends by the hundreds. The announcement to-day that Chisolm was a defaulter came like a thunderbolt from a clear sky, and no one was more surprised than his most intimate associates.

It is stated that practically all of the money embezzled by Chisolm has been used in speculation in cotton futures, and that his losses have extended over a period of several months. It is said that he traded under an assumed name, made all his payments for margins in cash and that none of his intimate friends knew aught of the transactions.

BANKS OFFER REWARD FOR STENSLAND'S ARREST.

Son Expresses the Belief That His Father Has Committed Suicide—Another Receiver.

Chicago, Aug. 13.—The banks of the Chicago Clearing-house Association have offered a reward of \$5,000 for the apprehension of Paul O. Stensland, fugitive president of the Milwaukee-avenue State Bank. So anxious are the bankers to capture the accused official that a conference was held this afternoon to decide upon some action to assist the police authorities in their search for Stensland, and the adoption of a resolution to pay this reward was the result.

The failed bank has two receivers to-night. Judge Gibbons, in the Circuit Court, this afternoon appointed the Chicago Title and Trust Company as receiver, the appointment being made on petition of one of the creditors of the institution. Following the appointment of the trust company, a demand was made upon John C. Fetzner, who was appointed receiver of the bank by Judge Brennan in the Superior Court last week, that he turn over all books and papers to the new receiver. Attorneys for Receiver Fetzner advised him to refuse to comply with the request, and a bitter contest as to who shall be receiver is sure to follow.

It is declared by attorneys who asked for the new receiver to-day that Fetzner's appointment in the Superior Court

COMMONWEALTH JURY IN MARCUM MURDER CASE CLOSES CASE NOW ON TRIAL AT BEATTYVILLE

Strong Evidence Against
Felt French.

Defense in Marcum Murder
Begins Testimony.

John Abner Enters General
Denial of Charges.

CASE NEARING ITS CLOSE.

Beattyville, Ky., Aug. 13.—[Special.]—The Commonwealth closed its case in the Marcum murder trial today, and John Abner, one of the defendants, took the stand in his own behalf. The feature of the trial today was the strong evidence introduced against B. F. French and the representatives of the Commonwealth stated to-night that they had been able to make out even a stronger case against him than against any of the defendants in the former trials.

During the former trials French has said that he had never sought an interview with Mose Felner during the trial of the Marcum murder suit in Winchester, but this testimony was refuted by Walker P. Hampton, teller of the Winchester Bank, to-day. Hampton testified that he carried two messages from French to Felner, during that trial, in which French sought to have Felner come to the bank where he and French could have a talk together. To each of the messages Felner sent word to French that he did not want to talk to him.

Jett's Mother a Witness.

Mrs. Sarah J. Hagins, mother of Curtis Jett and sister of Jim Hargis, testified that French came to see her on two occasions after the arrest of her son, but that nothing was said about her engaging him to defend Jett. She said French was active in the defense of her son on both of his trials at Jackson and Cynthiana. Both Jim and Alex Hargis had testified on former trials that Mrs. Hagins had mortgaged her farm to defend her son, and that French had been engaged in the defense.

Woodson McCord, former Sheriff of Clark county, said he had a conversation with French the day after he arrested Jett, in which French said that if the Hargises did not have Marcum killed they should have had it done. McCord said he was not on friendly terms with French, and only spoke to him on matters of business. Efforts were made by the defense to show that McCord had been active in the prosecution of the Hargises, Callahan and French, but they failed to show any motive on the part of McCord.

Mrs. Begley Gives Evidence.

Another important witness for the prosecution was Mrs. Jack Begley, a sister of Mose Felner. Mrs. Begley was brought here by the defense for the purpose of contradicting Felner, but the Commonwealth spring a surprise on them by placing Mrs. Begley on the stand. She said she saw French when he came to her home in Leslie county to see her brother before the death of Marcum, and while she was not permitted to say that Mose told her of the conversation with French, the Commonwealth was able to get the fact before the jury that she had told French this morning that she knew the nature of the conversation.

Miss Emma Clark, of Chandler, Oklahoma, formerly a resident of Jackson, was introduced by the Commonwealth. She was in Hargis' store when Marcum was shot. She said French came to see her several times after the shooting and on one occasion Alex Hargis had said her testimony would be worth five hundred dollars. Miss Clark said she judged from the conversations they were trying to prove an alibi for Jett. She did not think, however, that any effort had been made to bribe her, as she did not think either of the Hargises would be guilty of such an offense.

Did Not Leave Town.

Mrs. W. H. Blanton, wife of Judge Blanton, counsel for Smith and Abner, said those two men spent the night at her house in June. During conversation that night she and Judge Blanton told them it was reported they had come to Jackson to kill Marcum. She said they denied this and said they would leave town next day, but that she saw them there several days afterwards.

Other witnesses for the prosecution to-day were John Johnson, B. J. Ewen, Charles Terry, Shelby Jett, M. F. O'Neil and Asbury Spicer. Spicer said he had a talk with Jim Hargis in the presence of French in which he was asked to go with Tom White, Mose Felner and Abner and Smith to kill Marcum, and was later offered five hundred dollars by Hargis if he would kill Marcum.

John Abner was the first one of accused introduced by the defense, and court adjourned at the conclusion of his direct examination. Abner made a complete denial of everything against him in connection with the assassination of James B. Marcum. He will be cross-examined by Mr. Byrd to-morrow morning.

BRUTAL ASSAULT ON
DELICATE WOMAN.

Asa Foster Avoids Shooting by Being
Locked in the Jail.

Columbus, Ind., Aug. 13.—[Special.]—Asa Foster, aged twenty-one, entered the home of Mrs. John Hardin, and after she refused to drink beer with him attacked her, kicking and beating her severely. Foster was captured in hiding at his home, and owing to the delicate condition of the woman, it is thought that developments during the night will warrant a charge of murder or infanticide in the morning. The woman's father, George Foster, of Brown county, is in town this evening with a shotgun, and the fact that Foster is in jail is all that prevents a killing.

GERMAN DUDES

Look Admiringly at "Kentucky Belles."

PARTY OF THREE ROUTED BY A
COUNT.

YOUNG WOMEN WILL SPEND
HONEYMOONS ABOARD.

FEAR FOR POSTAL CARDS.

Wiesbaden, Aug. 13.—[Special Cable.]—Romance continues to pursue the Courier-Journal's "Kentucky belles." Having resisted the advances of Heidelberg students yesterday they were called upon to-day to run the gauntlet of heart-piercing glances and enchanting smiles which adorned the countenances of the masculine population of Wiesbaden. There were no casualties. The news of the Kentucky girls' arrival here was conveyed to Wiesbaden this morning through the columns of a local paper. The narrative had a lot of nice things to say about the party. The young women were described as "queens of popularity" in Kentucky, and the writer developed some little energy in finding the German synonym for the word "bella." The originator of the popularity contest was referred to as a connoisseur of beauty who had planned the European tour from an aesthetic point of view, having arranged to give a prize to the member of the party who was voted the most beautiful. With their arrival thus proclaimed the "belles" found themselves the center of interest. All day it seemed that all of Wiesbaden, its inebriate young men, dressed in an irresistible manner, were somewhere in the neighborhood of the Victoria Hotel. It was really a splendid array of men. Some of them wore frock coats, straw hats and yellow boots. There were others who had on even more gorgeous attire than this and it was astonishing that the "belles" should prove so unresponsive to such splendor. Superficially it seemed enough to captivate any girl's heart, but somehow the Kentuckians were not affected a little bit. In the afternoon a real conquest came. Dividing into groups of three and four the girls visited the various points of interest. In one group, which selected a concert garden as a place of amusement were Miss Sad Craig, Miss Birdie Kelly and Miss Sallie Ewing. In the large audience which they attracted a part were several distinguished-looking men who wore mustaches curled in a semi-circle like Emperor William. Just at the moment they arrived the men sighted them.

"I just know that one is a Count," declared Miss Kelly, adding in explanation of her theory that all Counts were a mustache in that manner. Miss Craig was skeptical. Miss Ewing didn't know much about Counts, but just as they were trying to decide the point the man designated edged near the trio, all the while twisting his beautiful hirsute attachment. A moment later he seemed on the point of introducing himself, but the young women fled precipitately from the garden with a real live Count gazing after them in amazement.

Traveling through Europe has definitely settled one point for nearly all of the girls. They are in explanation of their theory that all Counts are coming here on honeymoons. Hearing this valuable piece of information, four conversational tried to gather further details, but only a few conversational were interviewed. Miss Mildred McMillan, of Paris, Ky., assured me my information was correct. She had selected Switzerland for the scene of her wedding tour. Miss Schwaninger, of Jeffersonville, thinks Italy would make an ideal spot. Miss Celeste Kosurs, of Madisonville, Ky., favors Germany. Miss Elsie Muir, of Louisville, favors Scotland. Hence the chances are the "belles" will be here again next year, only under other names. There has been much concern recently for fear the postal cards which the party sent off by hundreds have failed to reach their destinations because of being written upon both sides. Most of the cards were addressed to friends of Jeffersonville, and the "belles" failed to reach their destinations the girls fear their friends will think they have been "switched." "Schwitz" is doing well, but the chewing gum famine continues.

Wants to Succeed Clark.

Helena, Mont., Aug. 13.—Representative Joseph H. Dixon, of Missouri, to-day announced his candidacy for the United States Senate, to succeed William Clark.

DIED IN HOTEL UNDER
PECULIAR CIRCUMSTANCES.

Joplin, Mo., Aug. 13.—After fleeing from the Indian Territory, as he said, Merrill of Cedar, T. died in a hotel here to-day under mysterious circumstances. The hotel employees were attracted to his room today by his screams for help, and before medical aid arrived he died, apparently from the effects of poison. It is thought he poisoned himself, but the coroner is investigating the case.

REPORT OF ATTEMPT
TO KILL GRAND DUKE.

Washington, Aug. 13.—The State Department to-day received a dispatch from St. Petersburg giving an account of the attempt last week to assassinate the Grand Duke Nicholas. The dispatch states that many of the reports of the incident were exaggerated, and says the truth is that one bullet was heard to strike the head of the Grand Duke Nicholas and the General who were standing with him reviewing the troops last Thursday.

SELECTING JURORS IN LYNCHING CASE.

Springfield, Mo., Aug. 13.—The selection of a jury was begun to-day in the trial of Doss Goldbrath, one of the alleged leaders of the mob which hanged three negroes here last April. The courtroom was crowded, but order was maintained by numerous deputy sheriffs.

CHILD FALLS FROM TRAIN;
ONLY SLIGHTLY INJURED.

Springfield, Ill., Aug. 13.—While a Baltimore and Ohio Southwestern passenger train was running fifty miles an hour near Philadelphia station this afternoon, Tony Fardner, four years old, fell from the train. The child was found to be unhurt except for a slight injury to the back and a small cut on the upper lip. His father was restrained with difficulty from leaping off the moving train after the child.

UNION OF PARTIES IS PROBABLE.

OCTOBERISTS WANT TO JOIN
WITH REGENERATIONISTS.

DEFEAT OF DEMOCRATS PLEASES
GOVERNMENT.

THREE POLICEMEN KILLED.

St. Petersburg, Aug. 13.—Indications at the meeting of the Central Committee of the old Octoberist party, which closed to-day, point to the amalgamation of the Octoberists with the new peaceful party of Regenerationists and the acceptance of the programme drawn up by Count Heyden, M. Guchko and others. All the speakers at the meeting of the committee expressed themselves in favor of this plan, and resolutions were adopted to transmit an appeal to the Regenerationists of all the provincial local committees to request a vote on the question of union of the two parties. It had been hoped that the conservative wing of the Constitutional Democrats would join in this movement, though some hotheads among the Octoberists were disposed to insist upon formal abjuration of the Constitutional Democratic party on the ground that it had prostituted itself to revolutionary ideas and shipwrecked the Parliament.

The police of St. Petersburg to-day captured a wooden model of a field gun which had been used for the training of a company of revolutionary artillery. The police also seized a factory which was engaged in making shells and bombs, and a fifty and quantity of dynamite and pyroxylene were captured.

A daring robbery of a railway cashier occurred here to-day. A well-dressed woman approached the cashier's window, showed a revolver under the nose of the official and took \$1,000, with which she escaped.

GOVERNMENT ELATED
OVER VICTORIES.

St. Petersburg, Aug. 13.—Three policemen last night were murdered in St. Petersburg, one in Moscow and three in Kazan. The Government attaches much importance to the defeat of the Constitutional Democrats in the Zemstvo elections now under way. For years the provincial Zemstvos have been the center of the liberal movement, and practice all the Constitutional Democratic leaders have been prominent in Zemstvo work. Now, as candidates for re-election, they are going down to defeat. The trial of Fitzgerald is not expected to take over one day. It was thought for a time he would plead guilty and risk a life sentence.

TURLEY EXPELLED BY
TEAMSTERS' UNION.

Chicago, Aug. 13.—The last official act of the convention of the International Brotherhood of Teamsters, which closed here to-day, was to expel from the organization Edward L. Turley, former secretary-treasurer. Turley has been a thorn in the side of President Shea and his followers for some time. It is thought he was expelled because he had worked against the best interests of the brotherhood.

He saw service in Cuba for one year, was then sent to the Philippines, where he remained with his regiment until the allied powers were sent into China to keep the Boxers in check. He led the first company against Pekin, and was one of the first United States men to scale the walls of that forbidden city. For five years he was in command of the Legion of Guards at Pekin. He arrived in the city Sunday night, and says the camp is one of the most perfect State camps he has ever seen. He commends the officers for their splendid work in laying off the camp. Capt. Brewster will remain during the entire encampment.

ASKS JURY TO SEND HIM TO ASYLUM

JAMES SPAULDING SAYS HIS
MIND IS DERANGED.

FEARS HE WILL KILL WIFE AND
CHILDREN.

ADMITS BURNING ONE BARN.

Danville, Ky., Aug. 13.—[Special.]—A jury of Boyle county citizens to-day had one of the most peculiar and unusual cases to decide that has ever been submitted to a court in Central Kentucky. James Spaulding called at the jail Saturday afternoon and requested the jailer to lock him up. His request was complied with and his trial was set for this afternoon. Spaulding took the stand and gave reasons why he should be sent to the asylum, and the jury took him at his word and rendered an unanimous verdict committing him to his request.

He said that his mental condition was usually normal and that to-day his mind was undisturbed and that he was as rational as any man upon the jury, but that on the other hand insanity might break out upon him at any minute, in case of which the disease controlled his acts. He said that he burned the Welsinger barn, near town, about ten days ago, but previous to that time he had never been overcome with any streaks of insanity, other than a desire to burn buildings, and especially barns, although two years ago, when engaged in the mercantile business at Burnside, he took a notion to burn his store and stock of goods, and the desire became so intense that he was forced to sell his business in order to prohibit himself from touching the torch to it.

He thought it would do him good to engage in farming, and to that end he purchased a nice farm near Danville, and soon after took up the "fancy" that he must burn all the barns in the neighborhood. During the past week he stated that the awful idea had come to him to kill his wife, three bright little children, and then burn his residence and commit suicide. He said that he loved his family, and that it had been a great difficulty for him to prevent himself from committing the awful deed at times, when the desire reached its height. He further stated that the spells were growing so much more intense that he knew he would carry out his desires, if left free, and

NATIONAL CIGAR STANDS

The Economy of a Straight Line

The National Cigar Stands Company is an easy, uninterrupted, straight line channel between tobacco planter and cigar smoker.

The tobacco makes only one stop on the way—at the factory where it is turned into cigars. It pays only one small fare for the whole trip.

It used to go in a roundabout way, from planter to leaf-broker, from broker to cigar-maker, from cigar-maker to cigar-jobber, from cigar-jobber to retailer, from retailer to you. It paid a fare—that is, another profit—at every stage.

The National Cigar Stands plan saves four stages and four fares. That is why the cigars sold by them give

Spaulding was examined by physicians, and they pronounced him a sufferer from the most dangerous character of insanity, although at times he is perfectly rational and realizes the awful deeds he may commit.

He will be taken to the Lexington asylum.

FARE TO CONEY STILL CAUSES TROUBLE

BOROUGH PRESIDENT AND ACTING
MAYOR DISAGREE.

SETTLEMENT THROUGH LITIGATION IS EXPECTED.

THREATS AGAINST COMPANY.

New York, Aug. 13.—All to-day complications growing out of opposing orders and opinions by public and by corporation officials, and disorder, which at times threatened to grow acute, owing to the determination of the people, marked the situation in Brooklyn arising from the decision by Supreme Court Justice Gaynor on Saturday that the Brooklyn Rapid Transit Company has not a right to charge a double fare of ten cents to Coney Island. Conditions are not much clearer to-night than they were yesterday, though far more quiet, owing to the activity of the police and less travel.

Borough President Bird S. Coler issued a public statement during the day advising persons to pay but a single fare for a ride from points in Brooklyn Borough to Coney Island, and the police in the affected district were ordered to be ready to quell any fresh disturbances. Meantime acting Police Commissioner Waldo revoked permits empowering the company to employ special policemen to assist in regulating men of the company to put off its cars persons who resisted any demands for the extra fare. Commissioner Waldo declared that the ruling of Justice Gaynor would be enforced, and any roughness toward passengers by company representatives would meet with arrests. This was offset and complicated to some extent by acting Mayor McGowan later in the day, after a conference between him and Corporation Counsel Delaney, that the Brooklyn Rapid Transit Company had the right to refuse to carry persons who refused to pay a fare, and the company's employees might use force, if need be, in case of resistance. J. P. Colderwood, vice president and general manager of the company, backed up this opinion by a statement that business would be done "in the same old way."

This afternoon the company's employees began holding cars to regulate ever second fares were not forthcoming from passengers, and demanding their payment. Several affairs occurred, and there were some arrests. Numerous threats were made against the company, and in some instances stones were thrown at cars and company employees, but by this evening serious trouble was regarded as improbable. It was thought that the question would resolve itself into litigation to force the company to charge only a single fare.

CIRCUS PLEASURES.

Two Large Crowds See Hagenbeck Shows.

TRAINED WILD ANIMALS THE STAR FEATURE.

ACCIDENT IN "SOMERSAULT OF DEATH" ACT.

NARROW ESCAPE FOR WOMAN.

Primarily a circus of the brain-bending and eye-dazzling three-ring-and-two-platforms-all-going-at-once variety, clean, snappy, modern and good, the Carl Hagenbeck show has in addition two unusual features which distinguish it from all other circuses and make it more pleasing and attractive to many than any other show now on the road in this country. Hagenbeck's famous trained animals, usually carried as a separate exhibition, are a part of the circus. A tribe of Kipling and Mowgli, give a distinctive feature to the performance under the big tents and furnish a new color to the circus.

In addition to all of this there is Shekha. Shekha is a Hindoo, but Shekha does not belong in the same category with the others of the tribe. Shekha is a unique, and Shekha alone is a show which could not be duplicated outside of India. Shekha is a performer of weird and unusual tricks or things that for want of a better term are called tricks. He is a palmer, and one thing, although this is the least, Shekha makes two things come where there was but one before and produces other things from the empty air. He pours water into space and gets it back again in renewed quantities from the same source. Shekha is a Hindoo, and the one of the high caste fakirs who can do things which seem to ally him with His Satanic Majesty.

The Carl Hagenbeck shows were in Louisville yesterday. They gave two performances here. Each time the show was filled and when the last tumbler had fallen into the net and the woman had been almost killed turning somersaults in an automobile, the crowd filed slowly out of the tents saying that they had just seen a great circus and no one left who was not pleased with the show.

New Standard for Circuses.

The Hagenbeck circus has been on the road only six months, having been organized in Cincinnati last winter, but already it has taken the lead in novelty and merit and has set a new standard for entertainments of this character. It has features which other circuses do not have and which none of the other circuses have. The main attraction is the wild animals, which are trained as only the men from Hagenbeck know how to train them. This is only one feature of the circus, but it is the best and is a whole show in itself. In the center of the big tent is a steel arena and in the middle of the arena is the menagerie tent. This is a long steel runway. The animals are driven along this runway from the cages to the arena, where they perform at the will of the trainer.

Lions, tigers, leopards, polar bears, grizzly bears, all go through their stunts and each act of the ten or more given is conspicuous by the promptness and willingness with which the beasts obey. Three tigers and two lions, each very much alive and with exceedingly able-looking mouths, may be a comfortable couch on which to rest, but few people other than Herman Boker would care to try the experiment of stretching out at full length on their tawny backs, as he did yesterday at both performances. Boker is a German who came over with Hagenbeck. He works with lions and tigers and bears and sends them raw meat with his naked hands while the beasts climb over him to reach the choice morsel.

Many of those who went to the show yesterday expected to see an animal show, and were not prepared for a circus. They saw the animal show, but they also saw a circus, of which the animals were a part. The circus proper is given in a tent as large as is carried by any circus in the country. Three rings and two platforms are arranged so that everybody in the tent may see some half a dozen acts of the best quality. Most of the time about six things are going on in each ring and on each of the platforms.

New "Rube" Stunt.

Hagenbeck believes in having the best, so Bert Davis and his wife, who have played with Sol Smith Russell and other well-known actors, have now transferred their talents to doing the "Rube" turn. Bert Davis is a tall, dark, good-looking fellow, and his wife is a good, old-fashioned, motherly woman from the same country. They mix with the audience, get separated, and each room is looking for the other. But few of those who laughed at the "Rube" turn yesterday afternoon, knew that she was doing it at all, purposely. Both Davis and his wife did as good work as one sees on the stage.

In the circus features, the best act put on was the trapeze work of the Flying Jordans. They did every variety of "return" and "catch," seeming almost to have wings as they came and went in the air with ease. Next to them the Arabian Nights, in which the most conspicuous of their good work and skill. Half a hundred other acts were given, in the air and on the ground, and all of them were of the highest order. Hagenbeck's performing elephants and seals also were featured.

Pearl Wilson, who has been twice each day in doing what is called, rightly, the "Somersault of Death," came near being killed yesterday. She was injured yesterday, and for a few moments the entire audience thought she had been hurt. Her fall was not a work properly, and turned out to be a landed, but the padding in the seats saved her from anything further than a severe shaking, to which she says she has become accustomed.

Two Turns Toward Death.

The "Somersault of Death" is a small automobile run on a track. A small car is thrown into the air by a spring, and it leaves the boards, and turns a complete somersault before landing on a spring-board. A young woman, who was in the machine on its trip downward yesterday, came near being killed, as there frequently is in a dangerous task, and the auto made two turns instead of one. It fell with a crash and tumbled over. There were screams

from the women in the reserved seat, and a rush of the show people to the danger performer. She was not able to move for a few minutes, but later mounted the incline and waved a smiling greeting to the crowd, who thought she had been injured. As a real thriller the "Somersault of Death" is decidedly a success.

One great and glowing feature of the Hagenbeck circus is that for a small compensation one can have a chair in which to sit, observing the necessity of turning grasshopper and doubling up like a jackknife while the show is being performed. It enables the audience to retire to their happy homes without the feeling of the person who has just played the leading role in a riding-the-lion drama.

MR. ROOT SAILS FOR BUENOS AYRES.

His Visit, Says President Ordonez, Will Cement Bonds of Friendship Between the Two Countries.

Montevideo, Aug. 13.—After paying farewell visits to President Ordonez, Minister of Foreign Affairs and the Archbishop of Uruguay, Secretary Root and family sailed this evening for Buenos Ayres, where the American Secretary of State will be officially received at the landing at 11 o'clock tomorrow morning. President Ordonez and his ministers accompanied the Secretary of State to the station, and the President embraced Mr. Root and in a brief speech assured him that Uruguay will ever preserve the liveliest recollections of his visit, which will not be forgotten as a bond of friendship between the peoples and Governments of both Republics. The newspapers of Montevideo this evening devote leading articles to the expression of similar sentiments, leaving no room for doubt as to the good impression created by Mr. Root's speeches and decorations.

MULE ONLY VICTIM OF STREET BATTLE.

SHOT FROM UNDER ITS OWNER IN FIGHT AT LONDON.

NEGRO AND SEVERAL WHITE MEN IN HOT ROW.

PANIC ON STREETS OF TOWN.

London, Ky., Aug. 13.—[Special.]—A street fight occurred here to-day between several white men on one side and Robert Butler, a negro, on the other, in which a dozen or more pistol shots were fired and a mule was shot dead in the street. The battle occurred in front of the store of James Williams, on Main street, and the storehouse was pierced with several balls.

Butler, who bears a good reputation, and who is an employee of Mr. Williams, was driving a team and drove up to a point in the street where he saw Fred McCarthy, Reese Johnson, W. R. George and Stephen Ledford and several others engaged on horseback, so as to block the way Butler was going. Butler asked them to clear the street so he could pass, and some of the men refused. The men involved in the quarrel with Butler, who left his wagon and went into the store, coming out with a revolver in his hand.

Several shots were exchanged by Butler and Reese Johnson and two others, but yet unidentified. Johnson's mule was shot through the neck, and instantly killed by Butler. Several shots struck the storehouse near where the negro was standing. Johnson, Ledford, McCarthy and George were arrested and lodged in jail. Johnson's pistol was found in the storehouse, but not identified, were seen firing at the negro, but both escaped on horseback.

Butler and James Williams claim that the negro shot the white men and drew revolvers, and Butler went into the storehouse and was shot on by Johnson as he came to the door. The two men who were arrested claim that Butler fired first. Butler was executed a \$1,000 bond to appear at the examining trial to-morrow. Fully 1,000 people were here from the country to attend a big Republican rally, and the streets were thronged with people. A panic was caused, which resulted in the shooting of Williams, who was shot down by a mule, but not seriously hurt.

SAY SHE IS INSANE.

LUNACY PROCEEDINGS AGAINST MISS ESAC.

Woman Who Tried to See the President Will Be Presented to Court.

Oyster Bay, N. Y., Aug. 13.—Lunacy proceedings were instituted to-day against Miss Asi L. Esac, or Elizabeth Case, who created a disturbance during the church service attended by President Roosevelt yesterday.

Miss Esac remains within the jurisdiction of Nassau county officers until Wednesday, when she will be taken before Judge Jackson, at Mineola, for commitment as an insane person.

Miss Esac was examined by Dr. Fowler of Oyster Bay, and Dr. Seaman of Glen Cove, who were formally constituted examiners in lunacy by George Hoffman, county overseer of the poor. The result of the examination was the drafting of a report that Miss Esac is mentally incompetent to be at large. According to the legal procedure here, this report will be presented to-morrow, when an order will be issued requiring the presence of Miss Esac before the court.

This order cannot be served until Wednesday, and, as there are no orders of return, it is not possible to have Miss Esac taken to the asylum before she is served with the papers.

BEGIN WORK.

In Face of Injunction Suit of Property Owners.

ASPHALT COMPANY PREPARING TO LAY PAVEMENT.

CASE WILL NOT BE HEARD UNTIL OCTOBER TERM.

LONG-STANDING TROUBLE.

A large force of men was put at work yesterday by the Barber Asphalt Company, the contractor for the improvement of several streets in New Albany, tearing up West Main street between Ninth and Tenth, in that city, preparatory to improving that thoroughfare with asphalt paving. This action was taken against the protests of the property owners on the streets, and in the face of legal proceedings brought by thirty-four of them in the courts. These property owners had petitioned for a vitrified brick improvement, and brought an injunction suit against the asphalt company. This suit is to be tried at the October term of the Floyd Circuit Court, but from the present indications, unless other proceedings are taken, the improvement will be completed before the case comes up for trial.

The officials of the company assert that the work is to be done under the provisions of a contract made several years ago with the Albany city council, and that the contract was not annulled by that body. A few months ago this contract was revived by the Board of Public Works, and Albany city council, and on January 1, 1905, as were contracts for the improvement of Spring street from West Eighth to Main to Oak. Property owners on Spring street made no objection, and the work of improving that thoroughfare is going on without interruption. The West Main street property owners preferred a vitrified brick street, and the Barber Asphalt Company would persist, as they have done, in making the improvement. John J. Lytle, a resident of New Albany, who is a member of the city council, and T. E. Austin and thirty others filed a suit against the company in the Floyd Circuit Court, enjoining the work, and asking for the improvement, as threatened.

VETERAN OF TWO WARS.

Levi Wilson, Eighty-Five Years Old, Dies in New Albany.

Levi Wilson, a soldier of the Mexican and Civil Wars, died of cancer here Sunday night, at his home, West Ninth and Water streets, New Albany, after an illness of many months. He was eighty-five years of age, and is survived by his son, Thomas L. Wilson, and his daughter, Mrs. Delora Whitton. He was born in Jackson county, Ohio. He enlisted in the army, serving during the Mexican War and participating in the battles of Buena Vista, Palo Alto, Resaca de la Palma, and other engagements.

In 1860 he was living in Missouri and served one year in the Home Guards of that State. He afterward enlisted in Troop F of the Fifteenth Kansas Cavalry, attaining the rank of sergeant. He was with the regiment during the battle of Gettysburg, and was one of the last men to leave the field.

After the war he was in the Southwest continuously for four years, his regiment being one of the last mustered out of the service. He then returned to his home in the West, and the battle will be in Miller's graveyard, on the hillside west of New Albany.

RECEIVER NAMED.

TO TAKE CHARGE OF MINTOSH MILLINERY COMPANY.

Defendant Files Answer and Refers to Action in Case.

Lowe J. McIntosh, doing business under the firm name of the McIntosh Millinery Company, appeared before Judge A. M. J. Cochran, Judge of the United States Court for the Eastern District of Kentucky Saturday afternoon at Covington, and filed an answer to the complaint filed by the directors of the McIntosh Millinery Company, seeking to force him into bankruptcy.

The answer stated that the defendant acknowledged the filing of the complaint, and that he was willing to be adjudged a bankrupt. In accordance with the answer, R. C. Kinkead, referee in bankruptcy, appointed for Louisville yesterday, appointed O. G. Holt receiver for the McIntosh Millinery Company, and set for August 20, to discuss the matter.

The charges that Applegate desired to file in brief were that Capt. Clegg had been in the city since 1903; that he had accepted money from saloonkeepers in pay for allowing them to keep their restricted times, and making the city a bad place to live. Applegate went before President Taggart yesterday afternoon and said he would file a petition for the appointment of a receiver for the McIntosh Millinery Company.

EXPELS S.S. BLOOD HUMORS.

Itching, disfiguring eruptions, rashes, boils, etc., as well as pimples, black-heads and rough, scaly skins, show the presence of some irritating humor in the blood. These acids and humors with which the blood is filled are being constantly thrown off through the pores and glands, and the skin is kept in a feverish diseased and unhealthy condition. Nothing applied externally can change the condition of the blood or prevent the outflow of poisons and acids; only constitutional treatment can do this. The countless washes, salves, lotions, etc., that are used cannot reach the humor-laden blood and are, therefore, useless, except for the temporary comfort and cleanliness they afford. The acid poison in the blood, which is the cause of the trouble, must be removed before a cure can be effected. S. S. S. is a real blood purifier, possessing all the requirements to neutralize and remove the humor-laden blood. It completely eradicates every trace of the poison and restores this vital fluid to its natural state of purity. S. S. S. cools the acid-heated blood so that instead of pouring out acid matter on the skin it feeds and nourishes it with health-sustaining properties, and the eruptions and diseases of the skin pass away. RUNABOUT HORSES MUCH IN FAVOR

LIBERAL PREMIUMS FOR THIS CLASS HAVE BEEN OFFERED.

KENTUCKY HORSE SHOW SOCIETY DEFINES THE CLASS.

LARGE ENTRY LIST INDICATED.

There has been a good deal of speculation among the prospective exhibitors at the Horse Show as to what constitutes runabout horse. The first prize list of the Kentucky Horse Show Society, which has just been issued for the great event to be held in the Armory on October 16, sets forth very closely on page 16, just what a runabout horse ought to be.

The classification requires that horses should be 14.5 to 15.5 hands high, and designates that they are to be judged by their conformation, style and finish, and should be a free and prompt driver, with easy mouth, good manners and a reasonable amount of speed, straight true action, which should not be excessively high. Horses in these classes must be shown without artificial appliances, a runabout horse may have either long or short legs, but must be of the first class, up-to-date business horse.

One of the most attractive exhibitions at the Horse Show last year was the runabout classes. A horse capable of meeting the requirements of the critical judges must have good conformation, style and finish enough to be attractive, should not lug or pull and above all things they must be easy to handle. A horse that is used for business purposes primarily is practically worthless. It requires a good deal of watching, a necessary adjunct, therefore, to the essentials is a horse's ability to stand without being latched. Of course, a reasonable amount of speed and action is required, but these are secondary in consideration compared to the other essentials. A horse that is close in to the road horse, as he is known to-day by the public and particularly in view of their usefulness, are these horses attractive to the general public. The runabout classes at the Horse Show last year were very well liked, and it is a recollection of pleasure that one thinks of such good horses as Mr. Reginald "Anderhill" Taylor, Mr. Arthur G. Langham's Baldwin, Clementine, the bay mare, owned by Mr. Lawrence Jones, and the brown mare, great going, well-mannered, brown gelding, belonging to Mr. W. Newman Clarke, and Magna, the saddle bred mare by Mr. J. B. Brown, the property of Gen. John B. Castleman. When these horses were exhibited they held the individual attention of the audience until after the awards had been made, the ribbons tied and the last horse had left the ring. There are special inducements offered this year for horses to be shown in runabout classes Nos. 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31, 32, 33, 34, 35, 36, 37, 38, 39, 40, 41, 42, 43, 44, 45, 46, 47, 48, 49, 50, 51, 52, 53, 54, 55, 56, 57, 58, 59, 60, 61, 62, 63, 64, 65, 66, 67, 68, 69, 70, 71, 72, 73, 74, 75, 76, 77, 78, 79, 80, 81, 82, 83, 84, 85, 86, 87, 88, 89, 90, 91, 92, 93, 94, 95, 96, 97, 98, 99, 100.

FIVE MORE COWS TO BE KILLED BY CITY.

Making Thirteen Tubercular Animals to Be Slaughtered.

Five more tubercular cows of the kind at the Home for the Aged and Infirmed are to be killed to-day or to-morrow. When these are slaughtered, thirteen of the herd will have been dispatched. The last five victims of tuberculosis are with calves. They are isolated and closely watched. Dr. Albert A. Dugg, Acting Health Officer, said yesterday afternoon that he was at first the intention of the city health officials and others to keep the infected cattle with calves in close confinement and isolated from the rest of the herd until the calves were born. After a consultation with Mayor Barth, however, it was decided best to dispatch the cows without further delay.

The killing of the cows infected with tuberculosis was the result of tests made by F. T. Dismann, State Veterinarian, following an inspection made by Dr. Deig and Dr. Elmer Laverty of the Health Department. About forty cows are kept in the herd at the home at all times. They are well bred, and are kept in clean and sanitary stables. No sickness has ever been traced to the milk supply at the home, it is said.

PRIZE LIST

Greater by \$7,000 Than It Was Last Year.

BREEDS OF HORSES NOT RAISED IN KENTUCKY CUT OUT.

ALLOTING OF DATES FOR STATE FAIRS GOOD FOR KENTUCKY.

NEW PENS TO BE BUILT.

Many expressions of commendation of the manner in which the prize money is to be distributed at the Kentucky State Fair came from prominent exhibitors throughout the State. Prize money has been distributed among the several classifications in such a way as to suit the conditions in Kentucky, and the stock breeders and horsemen are well pleased with the result.

In the first place, the prize list, amounting to more than \$35,000, is greater by \$7,000 than the prize list of last year's State Fair, and is far greater than was ever hung up for any previous fair held in this State. In addition to this, several breeds which have heretofore been exhibited at the State Fair have been eliminated from the catalogue, and the money not used in that way will go to increase the premium for the other classes. For instance, no French draft, Percheron or coach horse will be shown. None of these breeds are raised by Kentucky horsemen, and prizes have heretofore gone to enrich dealers in other States. More than this, the Board of Control has reserved a large amount of the prize money exclusively for Kentucky breeders, and the prize winners in these classes will be eligible to compete also in the open classes against the best that is entered from other States.

Kentucky Fair Third.

The system of allotting dates for State Fairs is sure to prove of great advantage to the Kentucky Fair, as many exhibitors begin with the Ohio State Fair and make their way to the Kentucky Fair at Columbus, and is followed by the Indiana Fair at Indianapolis. The Kentucky State Fair at Louisville is third, and then, after week, comes the Illinois Fair at Springfield. The list for the Kentucky State Fair compares favorably with that of the other State Fairs mentioned, though it is the youngest of the quartet, and in addition, to the exhibitors who follow the circuit, there will be a large number of Kentuckians to show at Louisville who do not make a practice of showing at other State Fairs. It is predicted that many breeders of horses and cattle which have had easy victories in Ohio and Indiana will meet with surprises when they show at Louisville.

High-Gaited Saddlers.

A big feature of the Fair will be the class for high-gaited saddlers. The first premium, worth frequently as much as \$500, and never less than \$30, and a large number of classes for this typically American saddle horse have been provided. In addition to the prize saddle for these classes, there will be a silver cup donated by W. J. Hoan, president of the Kentucky Horse Show Society. A cup for the best light or colt valued at \$100 has been donated by the American Saddle-Horse Breeders' Association. The entries to this class will be registered with the association. There will also be a combination class, the horses shown both under the saddle and in the harness. The prizes in this class will amount to \$35. The horses will be judged equally from the performance in harness and under the saddle. Another combination class, and one of the most attractive, will be for high-gaited saddlers, which will be shown also in harness. They will be judged equally upon their saddle gait, walk, trot and canter, and upon their performance as high steppers. The stalls which will be used for the horses and cattle will be close together, and the exhibitors will be required to keep the thoroughbreds who race at the track, and all are dry and kept clean during the entire year. New pens will be built for the horses and sheep. The committee having this in charge will see that all pens are of clean, large size and built in the most modern manner. This is an item of great interest in the breeders of sheep and cattle, and many of the exhibitors handicapped by the small pens provided for their charges. Alas, will be so constructed as to give the crowd every opportunity for examining the livestock in the pens.

NEW THEATER

SAID TO BE IN PROSPECT FOR LOUISVILLE.

George W. Lederer Interested in the Move to Extend Business of Orpheum Circuit.

It developed yesterday that a New York syndicate, said to be headed by George W. Lederer, is conducting negotiations toward the building of a new vaudeville theater in Louisville. Some time ago the real estate firm of R. I. Nugent & Co. received a letter from Mr. Lederer, in which they were asked to look out for an available site for such a playhouse. A lot at Second and Walnut streets and on the west of The Seelbach, on Walnut street, had been considered, but nothing definite as to the lease or purchase of the lot had resulted. Mr. Nugent said he did not know at present just what the syndicate was ready to do, although he hoped that something would come of the negotiations.

Mr. Lederer is largely interested in the Orpheum Circuit, of which Percy Williams is the controlling stockholder. The Orpheum Circuit recently was consolidated with the Keith and Proctor circuits, and embraces playhouses in most of the larger cities, except Louisville, from coast to coast. Cincinnati is represented. The syndicate that circuit present the highest class of vaudeville. Under the new arrangement, Mr. Lederer's plan means the establishment of an Orpheum Circuit house in Louisville. The price which companies for the full theatrical season of forty weeks.

It is not known in Louisville whether Mr. Lederer's plan means the establishment of an Orpheum Circuit house here, although that is taken for granted.

So far, he has about ninety volumes in the Kentucky collection, which represent about thirty authors. These books will be catalogued so that they can be easily found by persons visiting the library.

After hearing proof and argument, however, Judge Wilson sustained the petitioners' side of the case.

Charged With Selling Intoxicating Liquors on Sunday at Summers' Garden.

Charged with illegally selling liquor on Sunday, Henry J. Summers, proprietor of Summers' Garden, near Jacob Park, was arrested for the third time, and for a repetition of the same offense in court. He was, on the first occasion, charged with selling liquor yesterday. Specifically, Mr. Summers is charged with selling liquor on Sunday, July 18. The case will be tried in Magistrate Hollis' court. The date, however, has not yet been set.

On the occasions of the two previous arrests of Mr. Summers he was dismissed in court. Policemen Will Be Tried For Disorderly Conduct.

CHARGED WITH PREVENTING PEOPLE ENTERING AVENUE.

BELIEVED TO BE PLAN TO TEST THE LAW.

CASES TO BE TRIED TO-DAY.

Warrants for thirteen policemen who interfered with persons desiring to enter the Avenue Theater Sunday afternoon and night, were sworn out early yesterday morning by Scott Bullitt, attorney for Charles A. Shaw, manager of the playhouse. The officers are charged with disorderly conduct, and the warrants were placed in the hands of Capt. James Hendricks for service. As his name heads the list, he arrested himself first. The other policemen against whom warrants were issued are Capt. Samuel Owens, Sgt. Doran, and Patrolmen Wehrle, Collins, Carter, Dolan, Sigel, Blankenbaker, Gay, Klink, Devenny and Dundon.

While the policemen are charged with disorderly conduct, it is alleged that a number of them are guilty of assault in that they placed their hands on persons seeking to enter the theater and pushed them back. The cases will likely be called in Police Court before Judge John A. Shaw, who has all been submitted, Attorney Bullitt will take an appeal to a higher court. He argues that the police had no right, whatever, to interfere with the public who had purchased tickets, and sought admittance to the theater. Neither would he admit that the police have a right to arrest the manager of the theater or the performers during the progress of the show or after.

"I am making no admissions," he said, smiling and walking away.

Mr. Bullitt made no admissions, it is believed that the outcome of the cases against the policemen, another attempt will be made next Sunday by the Avenue Theater management to give performances.

A Valuable Agent.

The glycerine employed in Dr. Pierce's medicines greatly enhances the medicinal properties which it extracts and holds in solution much better than alcohol would. It also possesses the medicinal properties of its own, being a valuable demulcent, nutritive, antiseptic and antiferment. It adds greatly to the efficacy of the Black Cherrybark, Golden Seal root, Stone root and Queen's root, contained in "Golden Medical Discovery," in subduing chronic, or lingering coughs, bronchial, throat and lung affections, for all of which these agents are recommended by standard medical authorities.

In all cases where there is a wasting away of flesh, loss of appetite, with weak stomach, as in the early stages of consumption, there can be no doubt that glycerine acts as a valuable nutritive and aids the Golden Seal root, Stone root, Queen's root and Black Cherrybark in promoting digestion and building up the weak and straggling system. It will not cure consumption except in its earlier stages. It will cure very severe, obstinate, chronic coughs, bronchial and laryngeal troubles, and chronic sore throat with hoarseness. In acute coughs it is not so effective. It is in the lingering stage, or those of long standing, that it has performed its most valuable service. It is sent free, in a little book of extracts, treating of the properties and uses of the several medicinal roots that enter into Dr. Pierce's Golden Medical Discovery and learn why this medicine has such a wide range of application in the cure of diseases.
